Professional Summary

Recent graduate with a background in UI/UX & graphic design. Hands-on experience with various design tools and a strong ability to adapt to new technologies and collaborative environments through an internship at Bizinc, where I contribute to feature development, usability testing, and user data analysis.

Seeking entry-level roles to create user-centered, intuitive, and beautiful designs while growing as a designer.

Experience

UI/UX Design Intern **Sept 2024 - Present**
Bizinc Atlanta, GA (Remote)

Creating wireframes, prototypes, and conducting usability testing to support feature designs for a platform aimed at empowering small-business owners and expanding the company's global tool reach.

Marketing Graphic Designer **July 2024 - Present**
Islamic Center of Kansas (ICK) Olathe, KS (Remote)

Collaborating with media and marketing teams to create engagement-driven content, designing social media visuals and TV flyers, implemented a project management system for workflow efficiency, and developed brand guidelines to ensure consistency in outreach efforts.

Graphic Design Intern **July - Dec 2020**
Dear Asian Youth - Dallas Chapter Dallas, TX (Remote)

Designed social media posts to boost community engagement and Instagram followers by 250% in 5 months, and contributed to the Dallas chapter's style guide by curating graphics elements.
